

**Galilean Nights Event ID:** gn161

**Number of telescopes:** 10

**Number of organisers:** 5

**Number of attendees:** 75

**Event Report:**

We had a lovely turnout for our Galilean Nights and Astronomy Trick or Treat event. The weather was partly cloudy but the telescopes were in action both inside and out. We use the NSN "Two pieces of glass" outreach kit with our Galileoscopes for enrichment inside and our dedicated astronomers were outside sharing sky patches!
