During the event, on 23/10 was a report by "Tá Ligado" CNT - Brazilian Central Television, which is expected to go to air on 04/11 - Wednesday at 11:30 by CNT Rio de Janeiro.

**Access**

Because of commitment to the agenda of the Lona Cultural, the Galilean Nights event was held concurrently with the event "Comédia em Pé" (which was attended by about 160 people), this means that the box did not impair the Galilean Nights. Was granted access to everyone who attended the site to see the Galilean Nights event.

**Material Used**

- Exposition Cosmic Landscapes
- Exposition Evolving Universe
- Telescope Model 60700

During the three days the exhibition hall was opened for visitation. Only in 24 day could make celestial observations, since the sky was overcast on days 22/10 and 23/10.

**Public**

During the event and the exhibition circulated about 100 (hundred) people.
