Event Report:

Anushandhitshu Chokro Science Organization, Mirpur branch arranged a sky observation camp on 22 October 2009 at LMT19:00-22:00 on the occasion of Galilean nights on the slogan "Astronomy for the people". It was held National Cricket Stadium, Dhaka.. About 800 sky gazers of different age gathered there to observe some celestial objects of sky. They observe the moon and Jupiter. The people were very much astonished to observe these sky objects because this was first time for them to observe sky through telescope. They asked lots of questions to the guide of the camp about Jupiter and moon.
