

**Galilean Nights Event ID:** gn1,012

**Number of telescopes:** 6

**Number of organisers:** 10

**Number of attendees:** 415

**Event Report:**

This Galilean Nights event was held during the daytime, in conjunction with Colorado Astronomy Day. Free admission was offered to the science museum which led to good attendance (415 visitors), and solar telescopes were set up near the entrance to the science museum. We also issued a press release so that newspapers in the region could provide publicity for the event.
